Session 4. Grammar Teaching

Margreet Vogelzang

OBJECTIVES

By the end of the session, you will be able to:

- **Understand** the concepts of meaning, form, and usage in grammar teaching
- **Understand** the Controlled practice → Communicative use model
- **Explore** activities that help students practise, review and master grammar
- **Use AI** to develop exercises

OVERVIEW

- Grammar
 - Meaning, Form, and usage
 - Verb tenses
 - Controlled practice → Communicative use
- Practical exercise

GRAMMAR TEACHING

Example: Present Perfect

“I’ve visited London three times.”

“Have you ever been to London?”

GRAMMAR TEACHING

Don't teach the rule first → start with meaning

“I've visited London three times.”

“Have you ever been to London?”

Again, questions targeting **understanding**.
Instead of asking “*What tense is this?*”, ask:

- Has the person visited London? → Yes
- How many times? → Three
- Is the exact time mentioned? → No

GRAMMAR TEACHING

Now draw students' attention to the structure:

I + have + visited London.

Then explain the rule:

Present perfect = have/has + past participle

GRAMMAR TEACHING

Now draw students' attention to the structure:

I + have + visited London.

Then explain the rule:

Present perfect = have/has + past participle

When possible, draw parallels with their other languages

SIMPLE PRESENT

Meaning

- Something that happens **regularly** or is generally true

Form

- **Subject + base verb**
- *I work*
- *She works*

Usage

- **Habits:** *I drink coffee every morning.*
- **Routines:** *He goes to school by bus.*
- **Facts:** *Water boils at 100°C.*

PRESENT CONTINUOUS

Meaning

- Something happening **now** or around the present time

Form

- **Subject + am/is/are + verb-ing**
- *I am working*
- *She is studying*

Usage

- **Actions happening now:** *I am reading.*
- **Temporary situations:** *She is staying with her friend.*
- **Current changes:** *The weather is getting colder.*

SIMPLE PAST

Meaning

- Something that **started and finished in the past**

Form

- **Subject + past verb**
- *I worked*
- *She went home*

Usage

- **Completed actions:** *I visited London last year.*
- **Past events:** *He arrived at 8 o'clock.*
- **Past habits:** *We played outside every day.*

CONTROLLED PRACTICE → COMMUNICATIVE USE

Move from controlled → less controlled practice

1. **Controlled**

Focus on accuracy

I ____ (visit) Paris twice.

Gap-fill

Multiple choice

Matching

Sentence transformation

CONTROLLED PRACTICE → COMMUNICATIVE USE

Move from controlled → less controlled practice

2. **Guided**

Students produce their own sentences with support

Prompts: London / Big Ben / Cambridge

If needed: sentence starter (I've/I have visited...)

CONTROLLED PRACTICE → COMMUNICATIVE USE

Move from controlled → less controlled practice

3. Conversational exercises

Give students a reason to use the grammar

Find someone who...

- has visited another country
- has eaten sushi
- has met a famous person
- has never flown

Then follow up: when/where...?

WAS THIS MOTIVATING?
WHY?

HOW COULD WE USE AI?

WHEN IS AN EXERCISE MOTIVATING?

Key principles for learner engagement

- **Competence:** Not too difficult, not too easy; appropriate to learners' abilities
- **Autonomy:** Gradually offer more choice and let learners make decisions
- **Relatedness:** Create connections with others, the topic, and the teacher
- **Attention:** A limited but valuable resource — keep learners actively engaged

OVERVIEW

- ~~Grammar~~
 - ~~Meaning, form, and usage~~
 - ~~Verb tenses~~
 - ~~Controlled practice~~ → ~~Communicative use~~
- Practical exercise

PRACTICAL EXERCISE

Work in pairs

STEP 1: Choose a target population

Who are the learners you'd like to create an exercise for? What is their level?

STEP 2: Select a topic

Select a topic you'd like to do an exercise with

STEP 3: Use AI to generate an image or images for the exercise

Use AI to generate images. Evaluate the outcomes

You can generate them multiple times if the first time is not successful

STEP 4: Make at least one grammar exercise using the image(s)

PRACTICAL EXERCISE 2

Work in pairs

STEP 1: Choose a target population

Who are the learners you'd like to create an exercise for? What is their level?

STEP 2: Select a text

Search online to select a text you think is interesting for the learners

You can also take this from your lesson materials if you have those with you

STEP 3: Use AI to make new exercises

Use AI and try to make at least 3 different types of grammar exercises based on the text.

Evaluate the exercises
